8. 31. That we will not be liable to you for any loss from any breakdown of equipment (including the heating system), failure of supply of electricity or water, leakage of water, fire, government restrictions or Act of God that may cause the Hall to be temporarily closed or your hiring to be interrupted or cancelled

Insurance

The list is not exhaustive: if in doubt, you must check the exclusions in our current insurance policy with the Bookings Secretary).*

If you have any doubt about the meaning of these Hire Conditions, consult the Booking Secretary.

Public safety guidance

Public safety, in particular reducing the risk from fire during your event, is **your** responsibility during the period you hire Sheepscombe Village Hall. The guidance in the Government publication "Fire Safety Risk Assessments" applies to all Village Halls; it can be found at www.firesafetyguides.communities.gov.uk. Stroud District Council also provides guidance as part of its licensing function; this can be found at www.stroud.gov.uk/info/sdc_licensing_policy.pdf. The following forms part of this guidance and is reproduced here to help you reduce the risk from fire at your event:

- Restrict and control the use of naked flames such as candles to ensure they cannot ignite flammable materials.
- Avoid the use of curtains, display materials (including artificial and dried foliage) and scenery that are easily ignited, unless they have been treated with a fire retardant. Keep sources of heat such as lights away from flammable materials.
- During stage performances, one attendant, readily identifiable to the audience, should be present to assist in the event of an emergency. During film exhibitions, two attendants should be present. Attendants should understand their responsibilities in the event of a fire or other emergency, including helping disabled persons and children, the location and use of fire extinguishers, how to call the fire brigade and evacuation procedures.
- Where a function involves a closely seated audience or people seated at tables, the seating should be arranged to provide free and unobstructed access to all exits and fire extinguishers. Gangways should be a minimum of 1.1m (3ft 6in) wide and the minimum width of seat ways should be 305mm (1ft).
- The Fire Brigade should be called immediately to every outbreak of fire.
